Hi Carmen,

I left you a voice message but wanted to follow up with a brief email to introduce myself. I will be replacing Ron Goloubow on the fuel leak case number RO0000411 for the property located at 1009 66th Avenue in Oakland, California. Tim and I thought that given this recent change in the project team that it would be useful to have a brief conference call with you to discuss the project, and in particular, we want to briefly go over the Cap Modification Plan that will be submitted for review and approval in the near future.

Would you please send a few dates and times that would work with your schedule? I will then coordinate and send out an invitation with call-in information.

I look forward to speaking with you soon.

Best Regards,

Erica
